PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152107, Dec. 9, 1907; 2 copies received Dec. 16, 1907."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co. Boston, Mass. Class B, XXc, no. 129280–129283, Dec. 6, 1906; 2 copies received Dec. 2, 1907."

NEW SERIES, VOLUME 3

Nos. 10–13

MARCH, 1908

WASHINGTON

GOVERNMENT PRINTING OFFICE

1908

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152115, Dec. 9, 1907; 2 copies received to complete copyright Feb. 17, 1908.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152108, Dec. 9, 1907; 2 copies received to complete copyright Mar. 16, 1908.

PART 2:

PERIODICALS INDEX

Nos. 19–22

MAY, 1908

WASHINGTON

GOVERNMENT PRINTING OFFICE

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152065, Dec. 9, 1907; 2 copies received to complete copyright Mar. 9, 1908.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152070, Dec. 9, 1907. 2 copies received Apr. 13, 1908."

Nos. 27–31

JULY, 1908

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152109, Dec. 9, 1907; 2 copies received to complete copyright June 15, 1908.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152081, Dec. 9, 1907; 2 copies received to complete copyright July 29, 1908.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152085, Dec. 9, 1907; 2 copies received to complete copyright July 27, 1908.

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 3

Nos. 40–44

OCTOBER, 1908

WASHINGTON

GOVERNMENT PRINTING OFFICE

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152110, Dec. 9, 1907; 2 copies received to complete copyright Sept. 15, 1908.

Nos. 45–48

NOVEMBER, 1908

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152090, Dec. 9, 1907. 2 copies received Aug. 31, 1908."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 152095, Dec. 9, 1907. 2 copies received Oct. 5, 1908."
